KAI JOHANNES RODNING

Heartiest Congratulations!!

Take good care. We love you and are proud of you. You are in our thoughts and prayers. Peace.

The Rodning Family

No Roman under any circumstances would regard himself as vanquished. This was the key to the real strength of the Republic. The other well-known virtues of the Romans followed from it: their manliness and courage in battle (virtus); their sobriety, their consciousness of their responsibilities, their disciplining of the emotions (gravitas); and their readiness to give single-minded attention to the practical needs of the hour (simplicitas). With it all went a precise formality by which almost all their other actions were guided.

But if some evening a personable youth happens in on your hospitality, greets you with the not irreverent informality reserved for uncles, puts the dowager Empress of Mozambique, your houseguest, at her ease, flirts with your daughter, says grace before the evening meal with unsmiling piety, consumes every variety of food and drink set before him (specializing in hot biscuits) with unabashed gusto, leaves a wake of laughter whenever he dips into the conversation, pays special and apparently delighted attention to the grandmother on his left, sings without art a song without merit, sits at last on the doorstep in the moonlight, utterly content with the dreamy air of the young Hermes (which only means the sense of impending adventure is about his hair like green leaves), and then if that night you dream of a branch of crab-apple blossoms dashed with rain — pursue that youth and entreat him kindly. He hails from Arcady.

"It's a long way away, even from Chatanooga, in the middle of the woods, on top of a bastion of mountains crenelated with blue coves. It is so beautiful that people who have once been there always, one way or another, come back. For such as can detect apple green in an evening sky, it is Arcadia - not the one that never used to be, but the one that many people always live in; only this one can be shared."
